EXHIBITOR INFORMATION AND RULE CHANGES

Entering a Mixture of Regular and Preferred Classes Within the Same Trial Weekend – Multiple Jump Heights Within the Same Trial Day Effective January 1, 2020, exhibitors may enter a mixture of both Regular and Preferred classes on the same trial day and/or during a trial weekend. For example, the same dog may now be entered in Regular FAST and/or T2B to finish up those titles while also entered in Preferred Master STD/JWW to start working towards their PACH at the lower height. Any mixture of Regular and Preferred classes is allowed.

Please note that if a dog qualifies in Regular Master Standard and Preferred Master JWW (or vice versa) on the same trial day, then NO Double Q shall be earned toward either the MACH or PACH title. The Double Q still requires that Standard Agility and Jumpers With Weaves be either both Regular OR both Preferred on the same trial day.

Additionally, within the same Regular or Preferred classes, a dog may now be entered in multiple jump heights within the same trial day. For example, the same dog may now be entered in 20-inch Master STD/JWW while also entered in 24C-inch Premier STD/JWW on the same trial day.

A separate entry form must be submitted when the same dog is being entered in a mixture of Regular and Preferred and/or different jump heights within the same trial weekend thereby clearly indicating which class(es) and/or jump heights belong together for each trial day of the weekend.

When calculating entry fees, treat multiple entry forms for the same dog as if only one form had been filled out. In other words, the first run entry fee is only paid once per day, per dog, even if that dog's runs have been submitted on multiple entry forms.

Entering for Exhibition Only (FEO)

FEO WILL BE OFFERED AT THIS TRIAL

For Exhibition Only may be offered at the option of the host club. FEO will allow exhibitors to work with their dogs in a trial environment. FEO is allowed in all classes. Participation in FEO is non-qualifying.

FEO runs are treated as trial entries. The exhibitor must enter the class(es) prior to the closing date, pay class entry fee(s) and the Trial Secretary must record the entry in the Trial Catalog as part of the results for that class. FEO does not need to be noted on the entry form; the handler will declare the day of the show.

Dogs may be entered in any jump height for FEO runs. If entered in an ineligible jump height, the team is committed to FEO for that run and must declare FEO on the start line. Day of show jump height changes are not allowed.

Dogs may be entered at any level (Novice, Open Excellent or Masters) in FAST, JWW, Standard or Premier classes. If the dog is not eligible for the level entered, the team is committed to FEO for that run and must declare FEO on the start line. Day of show level changes are not allowed.

The exhibitor must declare FEO in the ring prior to leading out to the scribe and the judge. Course time for FEO in Time 2 Beat, JWW, Standard, Premier and ISC will be 45 seconds. FAST courses times for each class/height are as noted in the Regulations.

Fix and Go

Fix and Go On allows exhibitors to immediately reattempt an obstacle at any time while on course when the dog's performance of an obstacle is not to their expectation. This allows the dog to successfully complete the obstacle then finish the course or leave the ring on a positive note. Using Fix and Go On will result in a non-qualifying score. Fix and Go On is not pre-entered; rather, it occurs during the run in any agility class.

Dogs may arrive any time prior to judging. Dogs that need to be measured must be available for measuring prior to the start of their class. All dogs not needed for further judging will be excused.

Judges are not required to wait for dogs. They will adhere as closely as possible to the judging schedule. The owner or handler of each dog is solely responsible for having it ready at ringside when it is to be judged. Neither the club nor the Trial Secretary have any obligation or responsibility to provide a service through a public address system, or stewards, or runners, for the purpose of calling or locating dogs that are not brought into the ring when required.

Running Order Conflicts: The trial secretary will make every effort to minimize running order conflicts for a handler running two or more dogs in the same class and height, or in adjacent heights. On the day of a trial, if a handler feels more separation is needed, the club will make every effort to accommodate the request. When more separation is requested, per AKC rule, the judge must be asked to grant the change. The trial chair or gate steward may make the request on the handler's behalf. There are likely very few instances where the request will not be granted. Please note that, also per AKC rule, the second dog may be moved down in the order, but the first dog may not be moved up. Out of consideration for affected competitors, the scribe and the scorer, the club asks that all running order change requests be made no later than before the start of the briefing for the class in question.

Please consult the AKC Regulations for Agility Trials for a complete description and eligibility for entry into these classes. The exhibitor is fully responsible for entering the dog in the correct class(es)/height divisions. Dogs running in a lower height division than they are eligible for will be eliminated.

Walk Throughs/ Ring /Warm Up/ Equipment Information/Additional Info

Handlers in all classes are permitted to walk the course, without a dog, during a walk-through period held prior to the start of the class. The walk-through is restricted to handlers entered in that class only.

A warm-up area, consisting of a regulation agility jump, will be provided for exhibitors. The warm-up area is to be used exclusively for warming up the dog and not for training the dog.

Some printed copies of the course maps will be available each day at the trial.

Ribbons are self-serve.

Obstacles will meet the specifications for obstacles in the current edition of the Regulations for Agility Trials. A copy of these regulations are available at <https://images.akc.org/pdf/rulebooks/REAGIL.pdf>

All classes will take place indoors (climate controlled) on soccer turf. Ring size is 85 feet X 110 feet (Standard Ring) and 80 x 110 (JWW Ring). **We will be using electronic timers, fully rubberized contacts** (including a Click and Go Teeter and dogwalk) **and a rubberized table.**

***** FAST will be a nested course for all levels and will be run as a combined class with all levels walking and running together, separated by jump heights.**

Measuring and Height Card Information

Measuring of Dogs: Jump height cards do not need to be submitted with the entry form. Indicate on the entry form whether the dog needs to be measured.

If the dog needs to be measured, it is the handler's responsibility to ensure that the box on the entry form is checked and that the dog is measured prior to running.

The exhibitor is fully responsible for entering the dog in the correct height division. Dogs running in a lower height division than they are eligible for will be eliminated

INSTRUCTIONS

Handlers whose dogs measure into the 8" through 20" regular jump height divisions may opt to enter in a higher or 24-choice height division for all Regular titling classes, but not in a division lower than their proper height division.

All dogs that have not been officially measured for an Agility Jump Height Card may still compete; however, they must be measured by a Judge of record, an Agility Field Representative, or a Volunteer Measuring Official, prior to running.

Dogs listed in the AKC Canine PartnersSM program may be eligible to enter all-breed AKC agility trials at the club's option. These dogs should be listed as All American Dog and must include their AKC number on the entry form and check the AKC No. box.

Junior Handlers should enter their Junior Handler number on the front of this form. Should you not have your Junior Handler number, it may be obtained from the American Kennel Club (919) 233-9767.
